## About Me

Motivated and detail-oriented Computer Science & Technology Diploma student at Siliguri Government Polytechnic, with a strong foundation in programming languages such as PHP & MySQL, Flutter, NodeJS (Beginner), Python, JavaScript, and jQuery. Proficient in HTML5, CSS3, and Bootstrap for front-end development. Seeking an internship opportunity to apply my skills and gain valuable experience in the field. Eager to learn and contribute to the success of the team.

## Work Experience

April 2024 - present

### Educational Website (Working on it)

- Developed and manage educational website, providing valuable resources to students.
- Designed user-friendly interface with effective navigation.
- Regularly update content to ensure accuracy and relevance.
- Utilize SEO strategies for improved visibility and user engagement.

April 2024 - April 2024

### QR Attend

- Created QR Attend for institutes, tracking attendance within 20 meters.
- Implemented secure three-layer verification.
- Streamlined attendance with QR tech for efficiency.
- Customized solution for institute's needs.

Dec 2023 - Jan 2024

### Discount Recharge

- Established discount recharge platform for user convenience.
- Offered discounted recharge options similar to fast recharge websites.
- Enhanced user affordability and satisfaction.
- Simplified recharge process for seamless transactions.

Jan 2023 - April 2023

### Discount Recharge

- Led development of "Fast Recharge Web" platform.
- Enabled online recharge and bill payments for mobile, DTH, data card, and utility bills.
- Provided fast, convenient, and secure payment options.
- Enhanced customer experience with hassle-free recharge services.
